INTRODUCTION

Due Date August 15, 2023

The annual survey is designed to collect comparative data on public libraries for national, state, and local use. It is important that you be as precise as possible. The information collected in Bibliostat has 3 purposes:

- To determine whether or not the library meets requirements for receiving Grants-in-Aid (see Title 173-1-3);
- To collect information for the Institute of Museum and Library Services national annual survey, and
- To provide statistical information that helps West Virginia legislators understand the importance of libraries, enable the WVLC to track data, provide library directors with information they need to better administer their libraries, and provide the general public with library statistics.

Unless otherwise noted, the reporting period for the FY2023 survey is July 1, 2022 - June 30, 2023. Surveys will open on Saturday, July 1, 2023, and will lock on Tuesday, August 15, 2023. After this date contact Amanda Proper at WVLC for instructions on any necessary changes. To qualify for the Shirley Smith Award, surveys must be submitted by 5 p.m., Friday, July 28, 2023.

Please remember that responses to all edit checks must be entered as Federal notes, unless otherwise instructed. When in doubt about an item, please read the definition. To see a definition, click on the question mark to the right of the data entry box for the question. This will display a pop up text box.

Do not agonize over any of the questions. If you need help, contact Amanda Proper, State Data Coordinator.
Reminders

- To display the answers from last year's report, click the statement on the upper right that says "Show Last Year's Answers".
- Please explain any change in your data with a Federal note.
- Local notes are intended to assist with next year's responses. You may view previous year notations while in the current survey.
- Please put full, logical explanations in each Federal note you submit.

Program Session Guidance

- To count programs and program attendance for a classroom visit for the sole purpose of checking-out books, count the total number of programs as one regardless of the actual number of visits. Count the number of students in each class one time only. For example, if a class of 20 students visits the library 12 times during the school year, this is counted as one program with 20 attendees. It is not counted as 12 programs with 240 attendees for the year.
- If a program is presented during a classroom visit, count that as a program and count the number of students in the class as attendees.
- Programs and attendance other than classroom visits are counted individually.
- A synchronous (live) library program session is any planned event which introduces the group attending to library services or which directly provides information to participants.
- Program sessions may cover use of the library, library services, or library tours.
- Program sessions may also provide cultural, recreational, or educational information, often designed to meet a specific social need e.g., film showings, lectures, story hours, literacy programs, citizenship classes, and book discussions.
- If program sessions are offered as a series, count each program session in the series e.g., a film series offered once a week for eight weeks should be counted as eight program sessions.
- If a program session is combined and offered to both children and young adults, count the program session only once under the most appropriate children or young adult program session category rather than counting it in each of the categories. Do NOT count the one program in each category. Report attendance at these program sessions regardless of attendees' age.
- If a program session is intended to be for all ages, count the program session only once under General Interest Programs rather than counting it in each of the other categories (children, young adult, adult). Do NOT count the one program in each category. Report attendance at these program sessions regardless of attendees' age.
What to include:

- All program sessions, whether held on-site or off-site, that are sponsored or co-sponsored by the library. For a program session to be sponsored or co-sponsored by the library, the library must contribute financial resources or library staff time toward the program session. For a program session that is part of a larger community event (such as a farmer’s market or festival), it is not necessary for the library to also sponsor or organize the larger event.
- Both on-site and off-site program sessions. For example, include a storytime at a farmer’s market or a presentation to a school group about library resources conducted at a school.
- Live-streamed virtual (synchronous) program sessions that are sponsored or co-sponsored by the library.
- Program sessions with attendance of zero or one if they were intended for a group.

What to exclude:

- Program sessions sponsored by other groups that use library facilities. For example, DO NOT include a group hosting a speaker or holding a discussion in a meeting room without facilitation from library staff.
- Offsite outreach efforts that do not otherwise meet the definition of a program session. For example, do not include having a library card signup booth at a farmer’s market.
- Recorded (asynchronous) presentations of program content; these should be counted in Total Number of Asynchronous Program Presentations (data element 4.53).
- Programming that is shared on the library’s website or social media that is not sponsored or co-sponsored by the library. For example, DO NOT include sharing a video from an author’s website of him or her reading a book.
- Activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, mentoring activities, etc.
- Passive or self-directed activities that do not occur at a scheduled time. For example, DO NOT include leaving an art project or puzzle on a table for participants to complete.
Printing
A blank survey can be printed by clicking on "Instructions". At the very top of the instructions page is a link to a printable version of the survey.

Survey Reports with or without Annotations

1. Click on the printer icon at the top of your survey page.
2. The default setting under "Set Preference" is "Print Entire Survey" (with Current Year's Data). If you would rather print certain sections instead of printing the entire survey, click on the triangle to the right of "Print Entire Survey" and click on "Print Selected Section" to change printing preferences.
3. If you want to include annotations in this report, click the checkbox next to "Include Annotations." (You can also print annotations as separate reports by following the instructions under "Annotations Reports" below.)
4. Decide whether you want to print the survey with the current year's data, without data at all, or with both current year and last year's data and select the corresponding circle.
5. Click "Show Web Report" to generate your report on screen or "Show PDF Report" to generate it as a PDF.
6. Use your browser to print the report or save it to your computer.

Annotations Reports

1. Click on the printer icon at the top of your survey page.
2. Click on "Annotation Reports" underneath the "Printing Preferences" header.
3. Select the checkboxes next to the Survey Notes you wish to print: Federal Notes, State Notes, Local Notes, or a combination of these.
4. By default, "Survey Sections" is set to "All Sections." You may click on "Specific Section" instead and select which section you would like to print from the pull-down menu.
5. Click "Show Web Report" to generate your report on screen or "Show PDF Report" to generate it as a PDF.
6. Use your browser to print the report or save it to your computer.

Electronic Services
2.1 Number of Internet Computers for General Use by Public
   41
   32
2.2 Number of Uses (sessions) of Public Internet Computers Per Year

9,120 8,938

2.2a Reporting Method for Number of Uses (Sessions) of Public Internet Computers Per Year

Select one of the following:
- CT - Annual Count
- ES - Annual Estimate Based on Typical Week(s)

ES - Annual Estimate Based on Typical Week(s)

2.3 Wireless Sessions - Annually

Enter "N/A" if you are unable to obtain this information and include a Federal Note explaining why. Enter "NP" if you do not provide this service.

N/A

Federal: The library's wireless service is administered under the supervision of the Berkeley County Information Technology Department. Their manager has stated that they are not able to retrieve this figure.

2.3a Reporting Method for Wireless Sessions

Select one of the following:
- CT - Annual Count
- ES - Annual Estimate Based on Typical Week(s)

NA - Information not available

ES - Annual Estimate Based on Typical Week(s)
2.4 Website Visits - Annually
Enter "N/A" if you are unable to obtain this information and include a Federal Note explaining why. Enter "NP" if you do not provide this service.

124,944

2.5 Who is your primary internet provider?
For purposes of this survey, if you have a provider in addition to the West Virginia Library Commission, the WVLC will be the primary. Select one of the following:
OE - Other

Federal: The library's primary internet provider is Comcast.
State: The library's primary internet provider is Comcast.

2.5a Who is your secondary internet provider?
Select one of the following:
OE - Other
(Include source in a State Note)
NA - Not applicable
NP - Service not provided
### Material Collections #3.1-3.25

**Materials Collections - Main Library**

**Physical Materials**

This section of the survey collects data on selected types of materials. It does not cover all materials (i.e., microforms, loose sheet music, maps, and pictures) for which expenditures are reported under Print Materials Expenditures, Electronic Materials Expenditures, and Other Materials Expenditures. Under this category report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron, count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.
